ALANA LEA FRYCZ

Charleston, SC 29492 | (704) 650-1956 | alana.frycz@icloud.com | U.S. Citizen

Active Secret Clearance | CompTIA Security+ (Feb 2025) | DoD 8570 IAT Level II Compliant

EDUCATION

Bachelor of Technology, Cybersecurity *Expected December 2026*
Charleston Southern University, Charleston, SC | GPA: 3.4

Associate of Applied Science, Cybersecurity *May 2025*
Trident Technical College, Charleston, SC | GPA: 3.85 | Merit Award — Top Graduate | Magna Cum Laude | Phi Theta Kappa

Competitions | National Centers of Academic Excellence in Cybersecurity (NCAE) — 2nd Place, Most Improved Team Member | Southeast Collegiate Cyber Defense Competition (SECCDC) — Blue Team | Palmetto Cyber Defense Competition (PCDC)

PROFESSIONAL EXPERIENCE

Cybersecurity Analyst | Modus21, LLC *April 2026 – Present*
North Charleston, SC

- Serve as authorization package owner for assigned Navy cloud infrastructure systems throughout the full RMF lifecycle
- Develop and maintain System Security Plans (SSPs), POA&Ms, and security control documentation in eMASS
- Conduct ACAS vulnerability scans and STIG assessments; document findings and track remediation as authorization package evidence
- Apply and assess NIST SP 800-53 controls; coordinate with system engineers, ISSOs, and government stakeholders to support ATOs
- Maintain DITPR-DON records; completed formal RMF Practitioner training across full authorization lifecycle

Cybersecurity Intern | TTC Cyber Operations Clinic, Trident Technical College *January 2025 – April 2025*
Charleston, SC

- Selected for Google.org-funded pilot program providing professional cybersecurity consulting to Charleston-area small businesses
- Conducted NIST CSF risk assessments; gathered technical evidence via Nessus/OpenVAS scanning, firewall reviews, and log analysis
- Documented control gaps with supporting evidence; prepared formal reports with prioritized findings and delivered client-facing presentations
- Applied digital forensics tools (Autopsy, FTK Imager, Volatility) following chain of custody protocols; performed SIEM analysis using Splunk at The Citadel cyber range
- Co-developed and delivered cybersecurity awareness workshop to 55+ community members

IT Support Specialist II | The Citadel, The Military College of SC *April 2024 – April 2026*
Charleston, SC

- Delivered Tier 2 technical support for 3,000+ users and 1,000+ managed devices at the state military college
- Performed triage and documentation of security incidents (phishing, suspicious activity, authentication issues); coordinated escalation with IT security team
- Managed security-related service requests including access provisioning; enforced Active Directory access controls and group policies
- Supported MFA deployment, endpoint security across 1,000+ devices, and Microsoft 365/Azure administration for 3,000+ users
- Accessed Rapid7 vulnerability management platform for security monitoring and anomalous activity reporting

District Manager | Advance Auto Parts *2001 – 2020*
Charlotte, NC

- Managed 16+ locations, $65M+ annual revenue, and 150+ employees; conducted compliance audits, security investigations, and systematic documentation

CERTIFICATIONS

CompTIA Security+ (SY0-701) | Issued: February 2025 | DoD 8570.01-M IAT Level II Compliant

TECHNICAL SKILLS

RMF & Compliance: eMASS, ACAS, DISA STIGs, NIST SP 800-53, RMF Authorization, POA&M Management, SSPs, DITPR-DON
Security Tools: Rapid7, Splunk, Nessus, OpenVAS, Nmap, Wireshark, Kali Linux, Autopsy, FTK Imager, Volatility
Systems & Cloud: Active Directory, Microsoft 365/Azure, Windows Server/Desktop, Linux
Frameworks: NIST CSF, RMF, CIS Critical Security Controls, MITRE ATT&CK
